### **DECISION AWARDING DAMAGES<sup>1</sup>**

On January 6, 2021, Scott Speller filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10, *et seq.*<sup>2</sup> (the “Vaccine Act”). Petitioner alleges that he suffered brachial neuritis as a result of an tetanus-diphtheria-acellular pertussis (“Tdap”) vaccine administered to him on August 19, 2019. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On December 6, 2022, a ruling on entitlement was issued, finding Petitioner entitled to compensation for his brachial neuritis. On January 23, 2023, Respondent filed a proffer on award of compensation (“Proffer”) indicating Petitioner should be awarded \$60,357.80, representing compensation in the amounts of \$60,000.00 for his pain and suffering and \$357.80 for his past unreimbursable expenses. Proffer at 1-2. In the Proffer,

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

Respondent represented that Petitioner agrees with the proffered award. *Id.* Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the attached Proffer, **I award Petitioner a lump sum payment of \$60,357.80, representing compensation in the amounts of \$60,000.00 for his pain and suffering and \$357.80 for his actual unreimbursable expenses in the form of a check payable to Petitioner.** This amount represents compensation for all damages that would be available under Section 15(a).
